

Hello,

I hope everyone is staying safe and making the best during these trying times. I am reaching out, looking to get more students the resources necessary to practice and stay up on current mathematical skills.

I have set up a Remind for each of my classes:

Algebra students: send text to 81010

Text this message: @wilkingalg

Geometry students: send text to 81010

Text this message: @mrwilking1

I am asking students to set up a free Kahn Academy account (www.khanacademy.org), so we can communicate on mathematical skills and practice on the site. In addition, the site also has plenty of SAT review practice. Anyone wanting to join must enter a class code.

Algebra class code is: ZE6BAKJ9

Geometry class code is: VB2EJF6P

Another resource we can use to review and practice mathematical skills is through IXL. If you want to use this resource you would need to email Mrs. Pefley at pefleyc@wcskids.net giving her your first and last name along with your student ID.

Thank you for your time and efforts. Please understand we are all in this together and I hope we can all stay healthy and can see one another face to face real soon.

Mr. Wilking
